“ Rudy, I greatly appreciated our time together on this earth. In all matters and the many conversations you carried the light of Christ for all to see. - Ben Young

“ Rudy approached life with enduring optimism and faith that brought strength and warmth to every interaction. His laughter was contagious and freely given - I am a better person and the world a better place because of him.

“ *The hole that is formed when a loving individual like Rudy returns to his heavenly father is immense. It is so large because he was such an outward human being following the example of Christ and always focused on others rather than himself.*

*As a coworker, he was always a highly competent and hard worker. But between the tasks it was clear what his real loves were, his wife and his God. Comfort comes from the knowledge that Rudy has returned to his Heavenly Father and is preparing the way for others that he closely loved.*

*See ya around the next corner Rudy.*

“ I remember Rudy from working at SR beginning in the late 80’s. What a fine man and extremely competent engineer. Although he was very Christ like in his professional life he was not offensive to any. I continued to encounter him through the many ministries he was involved in, then at Warren and then BSF. What a privilege to have known such a fine Christian man.

*I met Rudy in BSF only to find out later he worked at SRS. He had a great smile, a great laugh, and when I was down he was a great encourager, Some of those great characteristics of CHRIST. I haven't seen him in quite a while but I know the world is empty one more great man in CHRIST while now singing praises to CHRIST.*

“ *As a fellow Bible Study Fellowship children's leader with Rudy, my favorite memory of him is his big infectious smile. I don't think I ever saw Rudy without a smile on his face. He was a gentle giant. He taught my son Trey and I know he had a positive and long-lasting effect on him, as well as me. He will be missed by his family and by his brothers and sisters in Christ. He is praising the Savior and the Father with all of the angels and saints. I can't wait to see him again in Glory!*

“ *It is hard to explain what Rudy's friendship has meant to me over the years. We worked on a number of projects from Washington State to South Carolina. Perhaps the best way to sum it up is: If you want to see what genuine Servant-Leadership looks like, you can look at Rudy. His love for the Lord and other people was readily apparent to everyone who knew him.*
