Russ was a native of Washington, DC having made North Augusta his home for the past 12 years. He started his career in banking in Florida. I am Russell's sister and I am truly glad that he found the great blessing who is Neusa....and so glad that he received the generous love of all her family in Brazil. That is priceless for me to know! He was a precious brother for me and I remember his being the addition to our family in 1943....an adorable baby who immediately stole me heart, even if I was only 4 years old at that time. I love you, Neusa, with all my heart!

Russ was a man with big heart. He helped other people in other countries and make them believe in bigger dreams. We worked with Russ in albania where he became as family manner for many of us. Russ helped develop the private banking system and private enterprise in the country. He drafted the first document for licensing the private banks in an ex communist country. Today there are more than 20 banks operating. He contributed with hard work, modesty and big smile in his face. We will miss him. Cheers Russ- will drink with your picture!!!!

To Mishel R.....I am Russell's sister, and he told me of the great kindness of the Albanian people. He described his Albanian friends as amazingly caring and generous. I will never forget. He spoke with a genuine spirit of great respect for these qualities. Thank you for your comments!
