“ *Terri, my heart and prayers are with you and your family. You and I were just talking about our mothers a few weeks ago. God will heal your heart and dry your eyes. Take comfort in knowing that your mom is in good hands and good company. She's skipping around in a beautiful garden with my father, where they have the pleasure of being in the very presence of an awesome God. Love you much. “ I was a co-worker of Sally's with the Department of Energy. She was one of an intelligent and impressive project manager who always excelled in producing the best and desirable results. I truly enjoyed working with her. I lost contact with Sally after her retirement, but the memories remained as they will long after she has gone to a much better life with our creator. May the memories of her love for her family and friends be comforting to those left behind.##imported-begin##Carlos Collazo##imported-end##

“ Greg, Terri, Chris (and in-laws) you will all be in my thoughts and prayers. May it bring you some measure of peace to know that you mom is now free and WHOLE AGAIN. The sickness which plagued her last years is no more, it is passed, and she has been re-born with a new and perfect body - never to suffer again. Christ promised us "that in my father's house there are many mansions. I go there to prepare a place for you so that where I am you may be also, and I will receive you there." May you have peace in knowing that Christ received Cousin Sally Ann at the end. Now she rests with him and with is re-united with other family members like Uncle Earl, Aunt Ruth, Aunt Margaret, Grandma Nena, Grandpa Hugo, and many other family members. What a joyous homecoming she received. Please be at peace. Remember you're still a family and you still have lots of Family along the Edisto River.##imported-begin##Chuck Spell##imported-end##
