Definitely one of my two favorite teachers. Mrs. Davidson being the other. Such a sweet lady. I got in trouble on day one in her class. She made me sit right in front of her desk. That sure helped me. For a few years at Silver Bluff's home football games, I usually sat on one side of her. Good times.

“ Sarah Sullivan lived a full and meaningful life. She positively impacted thousands of lives as an educator and so many more through her community involvement. From serving on the design team during the planning of Silver Bluff HS to overseeing construction and then teaching there for many years, she was a dominant force in that successful program. She was a good friend to Jean and me. I frequently sought her wisdom and advice on issues and trusted her judgment and insight. She will be missed here, but heaven is rejoicing. Her love for her family, students and community is well known as she modeled her beliefs and passions. Our thoughts are with her family and loved ones.
