“ I was Shirley's nursing student from 1963-1966. Shieley was a well loved and respected teacher of dietetics. I still practice the principles she taught us.
I was fortunate enough to visit her at home and meet her Mom and pet blue jay,(Rexie). She rescued Rexie as a "baby".
Shirley taught so many nursing students through the years at University Hospital School of nursing. Her contributions were great to the community through the principles she instilled in us to enhance our nursing and personal lives.
