“ *I worked with Stephanie for a very short period, but hearing this news broke my heart. She was always a delightful person to work with. I enjoyed very much talking with her, she never had a frown on her face and was so easy to joke around with. You truly never know what someone is going through, I only hope she has found the peace she deserves. Here's to show that no matter what, there is always someone out there who cares for you.*

“ To all of Stephanie’s family, we are so heartbroken and cannot imagine the grief, despair, and sadness each of you are feeling.

*During the few years that we had known her and her family, we became so much more than next door neighbors, we were good friends! Our doors were always open to her the children and her husband. Stephanie always seemed to have a bubbly personality and a story to tell. She and her husband enjoyed coming over to our house to play progressive rummy, munch on snacks, and talk about everything. Stephanie was so proud of her children, their talents, and how mature they were becoming. She never missed an opportunity to talk about them.*

*Stephanie also loved when her plants and trees started blooming, for some reason she thought I was an expert in horticulture and had plenty of questions for me. I was always glad to help if I could.*

*Stephanie and Julie ,on so many occasions, would talk about how much fun it would be for them to have a girls weekend at the beach! Soak up the sun, eat great food, have a few adult beverages , and just have fun. Stephanie would only be able to consume one weak drink, she was a lightweight when it came to that!*

*We will always miss you Stephanie !*
