“ I worked around Tom at SRS and he was a very open person. You knew where you stood with Tom and I liked that about him. Since he retired, I would see him at the NA Recreation Center and we would talk about retirement and working at SRS. I am very sorry for your loss and pray that GOD will give you encouragement, peace and strength that you need at this time. I am sure he will be missed by all.

“ Like Tom, I grew up in Everson, PA. We went to the same church, the same schools and knew the same people. Though I have not seen Tom in 50 plus years, I feel his loss. The video captured a fulfilled man and a life well lived. With deepest sympathy to his family.

“ *Typical of Tommy: When Les lost his wallet at your favorite Mexican restaurant, Tommy went back the next day to scour the parking lot and asked every store if anyone turned it in. Always thoughtful and giving. A wonderful role model and his kids turned out just as wonderful.*

Will always remember sharing your family's time share. Kids had such fun; me too, except for the fire ants at the tree-house condo and the time I fell off my adult tricycle and no one noticed I wasn't with you guys anymore, just lying on side of the road, yelling help, help.

So many good times, and the years go so fast. I'm glad all of you have so many wonderful memories. And I'm glad he is at peace. A few more years would have been nice. Just sayin' ...

Love,

“ June and I thank the Lord for His gift of Tom Robinson in our lives! We pray for his great joy in the radiant presence of our Lord in Heaven. As we do, let us reflect on his example of living the Gospel life of Christ, always giving of himself to family and all of those blessed to know him; always doing so in a humble, quiet and encouraging manner!

Aileen, please know that you and your family will be in our prayers throughout this difficult time of mourning.....and celebrating Tom life!

I have kept a paragraph Tom wrote for the PMMD Perspective newsletter because these words summed up for me what service in the workplace consists of,

"Negativism and searching for reasons why we 'can't do' result in frustration to our customers and a black eye for the department. Since it is our job to provide appropriate service, we ought to approach it with a positive CAN DO attitude. Now, CAN DO doesn't mean roll over and ignore the policy and procedures. What it does mean is that if someone has a need for a material or a service we can find the best way to provide it to them within the framework of the rules. Yeah, it may be tough, it may be time-consuming and sometimes it may be a pain, but you can bet we can find a way to do it, and do it right." ~ Tom Robinson

I am very pleased to have know Tom and to have learned from him.
