“ We worked together for at least 30 plus years in dialysis. He taught me a lot about the machines so I could trouble shoot. He was a friend and I enjoyed working with him. He will definitely be missed by family, friends and the dialysis community. You were loved.

“ Tracy and I went and picked up a dog for Ryan. Beautiful little female Yellow Lab. We got it home and put it in the backyard. She ran the perimeter of the fence, got to the other side of the yard. She effortlessly jumped the fence, we never saw that dog again. She was Ryan's for 30 minutes.
