“ *I am so sorry. Sam was a shining light. I loved him. He will be missed terribly.*

“ *I was friends with Sam's father who was a mentor to me. This is really hard, as I almost felt like part of the family when his father was still alive. Sam always was his own person, he lived life according to Sam. And I always admired him for that...Sam's father and I would always talk about his boys and how they were doing...I even came over and cut up and hauled away the brush when a tree branch fell and totaled Sam's car...Sam was someone who was always fun to talk to. I wish life could be different and Sam was still here...I am sorry these words don't really convey my feelings, but Sam...I know you went to the good place, and I hope I get to go there too and visit with you again!*

“ I haven't seen Sam since high school, but I have very good memories of him. He was always very kind and had a great sense of humor. I always wished him a happy survivor Thursday because he loved that show. He was always positive and never had anything bad to say about anything. I'm sure he will be greatly missed. Thoughts and prayers to his family.
