“ *The first time I met Craig was at a counter at the newest branch of McCalls in Aiken 18 or 19 years ago. He didn't know who I was or what kind of company we would become, but he began helping us establish our company. He gave not only HVAC advice but also advice about the every issue of the world. Over the years a friendship developed and he is going to be missed greatly by all of us here at Carolina HVAC. We will continue to pray for all of you.

“ To the smartest man I know. I remember coming over one day and me Johnny was playing war in the back yard and we was being loud and the we got quit uncle Craig knew something was up so he came out and said boys! Me and Johnny froze because we knew we was doing something wrong. That word when he looked at you and said Boy! It would put the fear of god in you. You are my role model and if I was asked if I could be like any man who would it be I would choose you. I can only hope to be half of the man you are. Its amazing what an impact you had one so many lives, you are love by many and you will be missed. “ We have so many memories together as a family. Like the time we all went to the beach together Scarlett was still in my belly and I still have my beach sand from our first trip to the beach as a family. Every saturday for awhile pop, johnny, Scarlett and I would go to bam and pappaws to eat we always had a good time and good food. The canoe trips to the island ill never forget were my favorite we just never had enough of them. We love you so much and it breaks my heart you'll never see me and johnny get married or see Scarlett grow up or help fight off her first boyfriend. Its so painful to tell Scarlett your at work when your not. We will never forget you we love you so much and will carry on. Love Penni, Johnny, and Danger Baby (nicknamed by Pop)
