Correction: Speaking with him! Working with Bill proved to me that there are special people in our lives who never leave us, even after they are gone. I was blessed to have met this man and be able to work with him. To the world you may be one person, but for many of us, you are the whole world. Bless you Bill; I hope that wherever you are, you continue to bless others.

“ *There are so many words I could use to express my heartache with this loss. And there are many words that could be used to express my gratitude for having known Mr Bill. My heart goes out to the family. Our world lost an honest man who walked his talk, lived life to the fullest and helped anyone in need. I know God received an angel and maybe he needed a great accountant this year. Still, an honest man who simply loved life and all those he met along the way. May the family find comfort with this unexpected loss.*
